# GLOSSY

A New Era of Surfaces

SUITABLE FOR WALL & FLOOR

# The lightness of being

Expansive feel. Natural textured design and inclusive feature dominate this tile design.

Too often light colors are thought of as high maintenance but you will realise that it's a wrong notion. The designs don't fade into white. The durable design and tough legacy of our tiles are unmatched. Add the hi-gloss element into it and the richness of the design broadens itself into the spaciousness of your home or office.
